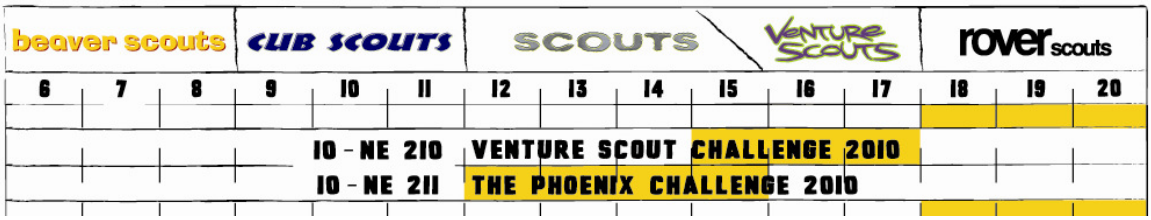
Re: **AMMENDMENT NOTICE: National Youth Programme Committee - 2010 Calendar of Events**

Dear Scouter,

With reference to the recent mailing of National Events (Youth Programme) Wall Planners for January – December 2010, please note the following layout error.

1. With respect to the "age's applicable grid" on the bottom right hand side, there is an error concerning **two events**.
2. The two events concerned are as follows:
   a. 10 – NE 210 The Venture Scout Challenge 2010
   b. 10 – NE 211 The Phoenix Challenge 2010
3. The "age's applicable grid", should be displayed as per the following modified graphic:



4. Please amend this on your copy of the planner, to ensure there is no confusion by Youth Members / Adult Scouters who are interested in these two events.

Please Note: All event details with respect to text and wall planner grid, i.e. booking codes, descriptions, dates are correct and remain unchanged.

The initial wall planner mailing was circulated to following positions on Wednesday 9th December,

Section Team Leaders
Group Trainers
Group Leaders
Group Support Facilitators
Assistant County Programme Coordinators
County Programme Coordinators
County Training Coordinators
County Commissioners
Provincial Commissioners
Provincial Support Officers
National Youth Programme Committee
National Adult Resources Committee
National Spiritual / Religious Advisory Panel
National Management Committee

unfortunately it is cost prohibiting to send this "Amendment Notice", to all included in the initial mailing, so I would ask all team leaders to forward / make the content of this notice known within their teams as soon as possible. For your convenience and further circulation, a soft copy of this letter has been made available on the Associations website under the tab "Group Leader Mailings & Management Bulletins": http://www.scouts.ie/national-secretarys-page/group-leader-mailings.

Apologies for any confusion and inconvenience caused, and I hope that the wall planner and national events continue to be a valuable resource for you and your teams throughout 2010. Again, the calendar of events and a narrative giving some basic information on each event is also available via our website www.scouts.ie/events.

Looking forward to seeing you at National Events over the course of 2010,

Yours in Scouting

IAN DAVY
Programme Commissioner (National Events)
