

Hike for Hope Venture/Rover Resource

Introduction:

Welcome to Hike for Hope, a hiking challenge to raise money for Pieta House. Local scout groups have long supported the Darkness into Light annual event to raise funds for Pieta House. The COVID-19 restrictions in place will mean that the opportunity to raise vital funds through the Darkness into Light walk will not happen. Instead we will be raising funds for Pieta house by Hiking for Hope and asking our communities to support and sponsor us. Anyone can join us by choosing a hike listed below and completing the steps over the weekend, 8th-10th of may in your free time and at your own pace.

Plan:

Step 1 – Individual or Team: Do you want to take this challenge on by yourself or why not get your crew together and complete as a team?

Step 2 – Choose your challenge: Which Mountain to choose? Why not work with your crew and pick a big challenge? Choose which hiking challenge you want to undertake, (List below).

Step 3 – Figure out what you must do: Read the list below and note the total flights of stairs required to complete the challenge.

Example:

Individuals: Mweelrea, Connaught – 291 flights of stairs. Complete the challenge at your own pace, over the weekend.

Teams: Denali, Alaska – 2212 flights of stairs. Split the distance evenly across the team, i.e. A team of 7, divide 2212 by 7 = 316 flights of stairs each, at their own pace. Why not work as a bigger team and take on a bigger challenge, maybe Mount Everest – 3160 flights of stairs.

Do:

1. Donate to Pieta House on Hike for Hope Go fund me page.
2. Share your progress on your social media with hashtag #HikeforHope.
3. Download appropriate app to track your challenge.
4. Complete your challenge over the course of the weekend.
5. Upload a screenshot of your completed challenge to the Hike for Hope Facebook or email.

Review:

Make sure to review your challenge. What did you learn? Did you learn anything about yourself? Was it a challenge for you? Did you surprise yourself? Would you push yourself further if you did this again? Did the team work well together?

Also don't forget to Donate to the Pieta house with our Go Fund Me page.
