

# ANCIENT ROME - IDEAS

Roman Gods - Did you know that many planets are named after them? I'm definitely going to find out more about our solar system!

Roman Baths - We could take a trip to the swimming pool!

Flags and Standards  
- Can we make a flag for our Six like those Roman Standards?

Hunting & Tracking – Maybe we can go tracking animals in the forest by knowing their tracks?

Mosaics – Those buildings looked really nice! I'm going to find out how to do a mosaic!

Legionnaire Camp - Can we do an obstacle course like those soldiers?

Roman Games - We should have a games night with all our favourite sports and board games.

Gladiators – They were really strong. I've always wanted to try to get stronger. I'm going to try to exercise more!

The Forum - We could have a Pack forum like that one there!

Aqueducts - Isn't that how Romans moved water from one place to another? We could try to build one. I wonder how heavy a bucket of water is?

Sanitary systems – Could we set up a recycling zone in our Den?

Road Building – We could set an orienteering trail!
