

THE WILD FRONTIER - IDEAS

Totem pole - We could make a totem pole and put our names on it! I wonder what my name means?

The Elders – Maybe we could have a party for all the old people?

Medicine Man - Didn't they do special dances? We could create our own instruments and dances.

Fishing - I heard there are very few fish left in our seas and rivers. Why is that? Can we help?

Backwoods skills – Brilliant! If we go to the forest we can build bivvys and do some backwoods cooking.

Community Spirit – We could collect food for the local animal shelter.

Harvest Festival – We could grow our own vegetables and harvest them?

Meditation – We could have a Special Scouts Own about Nature.

Spirit Quest – My Sister has a dream catcher. She will show us how to make one if I ask her nicely.

Canoes - We could all build a model canoe?

The Sky above – The Stars were used to guide people on their travels. I wonder do we still use the stars today?

Animals – I have a pet that I look after! Can I bring it in and show the pack?
