

## JamboRí Programme Announcement

Fellow Scouts,

I'm delighted to announce that the overall JamboRí programme theme will be *RÍ-CREATE – RÍ-IMAGINE – RÍ-DISCOVER*. These ideas will help shape an adventure-filled camp of fun, friendship, and challenge, for hundreds of patrols and crews. The theme is designed to encourage imagination and innovation for you, as young people, to develop your skills, help in the community, and go on amazing journeys of discovery.

The specific Scout Programme theme will be *Stories Begin Here!* There will be six programme zones, each one connected to the theme. These zones will be inspired by a trailblazer and their story. While in the Venture zone the theme will involve a selection of specially designed outdoor adventures. Also, the programme theme is reflected in the Sub-Camps, each of which is named after a fictional place from a story of adventure and discovery. These stories will help build up the spirit of friendship and support in each sub-camp.

The JamboRí will also include Beaver Scout and Cub Scout Days when Colonies and Packs can visit the site. They will be provided with a half day of programme activities and a half day of tours which will incorporate the theme.

Summer camp is the highlight of the scouting year. In order to help all patrols and crews prepare for the JamboRí and get the most of the experience, the programme team will be providing resources to help you develop your patrols and crews, to make contact with other groups, and to get a taste of the programme zones. These will be available through the JamboRí social media and the Scouting Ireland weekly mailings.

I hope the JamboRí programme theme *RÍ-CREATE – RÍ-IMAGINE – RÍ-DISCOVER* will inspire you throughout the scouting year ahead to lead an active programme in preparation for this national camp.

Yours in Scouting,

*Úna O'Grady*
