Dear Christy,

I have at many times been advised of the contribution of Scouting Ireland to the success of Darkness into Light.

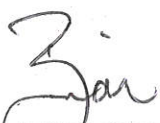

Indeed this is my third year with Pieta House and each year my colleagues have never ceased to sing the praises of David Kenneally and his cohort of Volunteers in the Scouts.

You may not realise this, but the Scouts are a significant part of what has made Darkness into Light the success that it is and this input is hugely appreciated by all of us.

Finally Christy, and I know that this is a big ask and I hope that I am not being too presumptuous when I say, I greatly look forward to the continued contribution to Pieta House from the Scouts of Ireland for many years to come.

I look forward to meeting you in the future.

Yours sincerely,

Brian J. Higgins
