

Taking part in National Events.

Patrol and Troop activities are great, but do you ever fancy trying something a little bit different? A programme of National Scout Events are run each year by the National Events Team. These events promote various aspects of the Scout programme and can provide a great target for you and your Troop to work towards. By taking part in a National Event you get to meet other Scouts from around the country, try new things and experience new ideas.

A calendar is produced by the National Events Team at the beginning of every year which gives the date of each event as well as deadline dates for applications. For some events you can apply directly to take part, and in other cases you will need to take part in a County qualifying event.

The current list of National Scout Events are as follows:

The Star Scout Show

Sionnach Adventure

MPC's

PEAK

National Adventure Skills Challenge

National Youth Fora (Scouts)

The National Raft Race

The Phoenix Challenge

Scout Liffey Descent

Master Mariner Competition

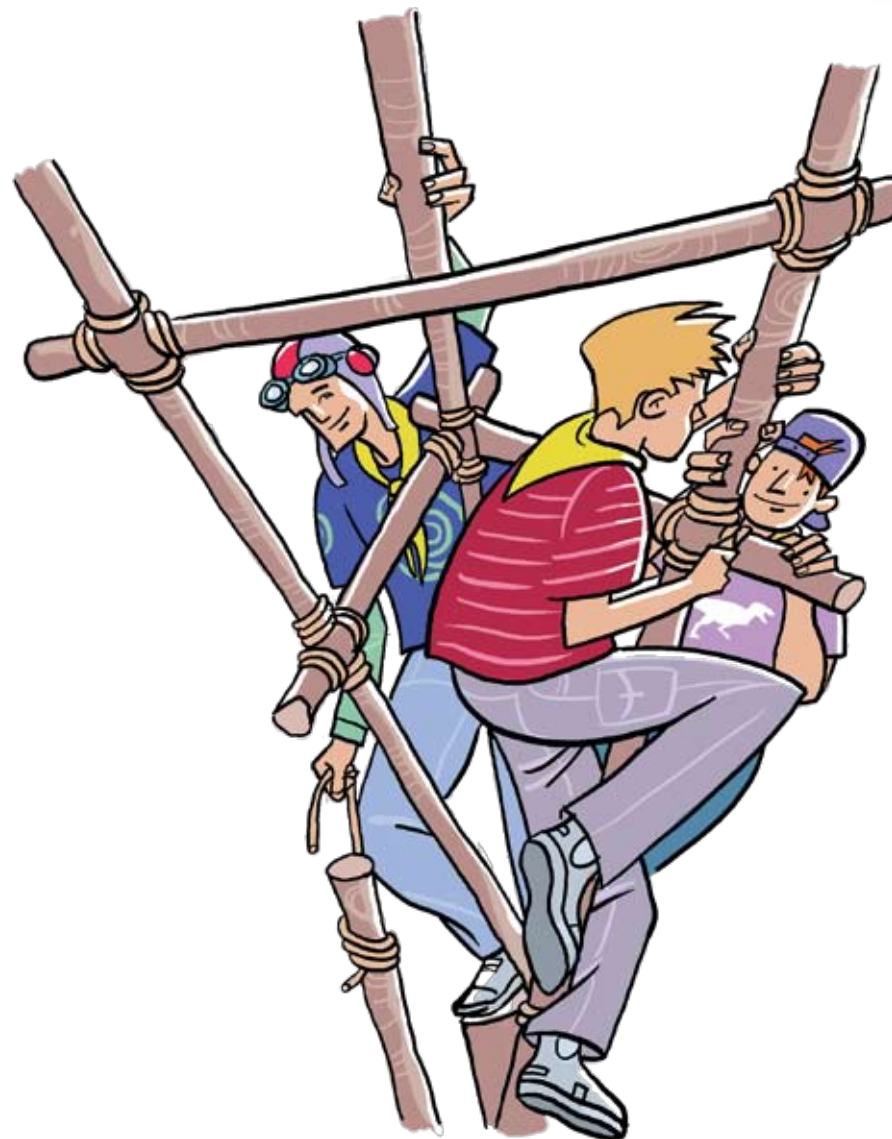

National Swimming Gala

County Qualifier

County Qualifier

County Qualifier

Check out the Events Team page on scouts.ie to see the current calendar of events, read details about what is involved and download the event application form. When you are thinking about your outline programme at the beginning of the year you should consider including some of these events.
